

The FAA Safety Team presents:

Helicopter HUMS Case Studies Session at HAI HELI-EXPO 2015

This session will present information on the history, implementation, and value of health and usage monitoring systems (HUMS), including analysis and findings of real case studies, the benefits of flight data monitoring on decision making, the impact of human factors, and the business case for improved maintenance and safety.

This session is offered at the HAI Rotor Safety Challenge at HELI-EXPO 2015. Rotor Safety Challenge course are FREE to all HELI-EXPO 2015 attendees and exhibitors.

Attend at least six Rotor Safety Challenge sessions and receive a certificate of recognition.

Take the Safety Challenge in three simple steps:

1. Select safety sessions to attend from the HAI Rotor Safety Challenge Schedule - <http://www.rotor.com/takethechallenge>.
2. At the conclusion of each session, receive a token from the room monitor or presenter.
3. Once you have earned at least six chips, take them to the HAI Safety Committee Booth (#1115) to receive a certificate of recognition.
